

# Brandy Station Volunteer Fire Department, Inc.

**Dear Applicant,**

Thank you for your interest in joining the Brandy Station Volunteer Fire Department. We welcome you to the membership application process. We look forward to meeting you and hope to make you feel at home at the Brandy Station Volunteer Fire Department.

We have recently made exciting changes to our membership types which expands our capability to grow our organization. We realize that Firefighting & EMS is not for everyone, but we believe that **volunteering** can be. There is plenty of work to be done on or behind the scene – including volunteering as a supporting or administrative only member of our department. You now have a choice under two general categories of membership; **Active** and **Supporting**.

Our **Active Members** have the option of being Active Operational as a firefighter, firefighter/EMS, or exclusively an EMS provider. For those 16 and 17 years old, our Active Junior membership may be your pathway to the Fire and EMS venue. An Active member may also join our team to participate on a regular basis in the business and administrative functions of the department as an Active Administrative member.

If you do not have the time to participate on a regular basis, our Supporting membership category may be your avenue to join and foster your community.

Thank you in advance for your consideration. Please do not hesitate to contact us should you desire further information associated with our expanded membership opportunities. You may pick up an application at our fire station or an application may be obtained by email at [join@bsvfd.com](mailto:join@bsvfd.com). Please feel free to allow us the opportunity to give you and your family a tour of our fire station and drop your application off in person.

Sincerely,

**Brandy Station Volunteer Fire Department**
